

# Permission Slip for film viewing

---

Dear Parent or Guardian,

As a rule within our school system, we require permission from parents to screen certain films for your child during class hours. Throughout the year, we may show a variety of different movies that supplement our curriculum, whose ratings may range from PG to R. Certain scenes can—and will—be omitted when deemed too graphic.

We firmly believe that showing certain films will greatly enhance student understanding of the subject material, as well as provide an alternate (and entertaining) route for information absorption. Rest assured, however, that this viewing experience is not solely based upon entertainment, as in-class discussion and homework activities will relate the film back to the curriculum. Thank you for your time and attention.

Sincerely,

---

(Teacher / Principal)
